MEMORANDUM FOR: Chief, Special Projects Branch, DPD-DD/P

25X1A

SUBJECT : Inactive Signal Center at

25X1A

1. It has been approximately two years since the last activation of the  signal center in support of an IDEALIST ferry mission.

2. We would appreciate being advised whether there is a continuing requirement for maintaining this signal center in place. The crypto equipment in storage at  is considered old and obsolete and should be pulled. As a compromise solution we would go ahead and pull the equipment but hold on to the signal center space for possible future use. Please advise.
